2021-T2 SYMPLECTIC TOPOLOGY, CONTACT TOPOLOGY AND INTERACTIONS

From Hamiltonian Systems to Symplectic Topology and Beyond

Institut Henri Poincaré
Amphithéâtre Hermite

INSCRIPTION

The conference will be held online using the web-conference infrastructure of CIRM. The new webpage of the conference is [here](#).

Note: This conference used to be announced as a celebration of Claude Viterbo and his mathematics on the occasion of his 60th birthday. Because of the epidemic situation, we have waived the "birthday" nature of the conference. We hope to celebrate Claude's in better and healthier times at some point in the future.
