

## Remise du prix Maurice Audin 2022

### CONFERENCES - EVENTS

#### Maurice Audin Prize in mathematics 2022

**Start date :** 23 May 2022

#### The Maurice Audin Prize

Initiated in 2004 by the Association Maurice Audin (nowadays, the Association Josette and Maurice Audin), the **Maurice Audin Prize** is awarded every two years to a mathematician in Algeria and a mathematician in France.

#### The 2022 laureates

On Monday, May 23<sup>rd</sup>, the biennial Maurice Audin Mathematics Prize award ceremony took place at the Institut Henri Poincaré. The laureates are Samir Bedrouni and Yacine Chitour.

## Samir Bedrouni

**Samir Bedrouni** is a lecturer at the Houari Boumediene University of Science and Technology (USTHB) in Algiers. Aged 38, he prepared his thesis under the supervision of [David Marín](#) at the [Autonomous University of Barcelona](#), and defended it in 2017 at the [Faculty of Mathematics of the USTHB](#).

His work focuses on **foliations in complex geometry**, and more specifically on the classification of the complex projective plane foliations.

In 2021, he was laureate of the Institut national des sciences mathématiques et de leurs interactions (INSMI) **Maurice Audin Chair**, and has made several stays at the [Institut de Recherche mathématique de Rennes](#) during which he developed fruitful collaborations with [Frank Loray](#).

## Yacine Chitour

**Yacine Chitour** is a professor at the [Signals & Systems Laboratory of the University of Paris-Saclay at CentraleSupélec](#). After completing his thesis at the [Rutgers University](#) Department of Mathematics in the United States, he obtained his research habilitation in 2003 at the Université Paris Sud.

Member of the [Institut Universitaire de France](#), Yacine Chitour is a **specialist in control theory**. His work covers a wide range of topics in the field, from the stabilisation of controlled systems to geometric control, including the control of partial differential equations and difference equations.

He is **scientific officer for the North Africa and Middle East zone** of the [Centre International de Mathématiques Pures et Appliquées \(CIMPA\)](#).

## Partners

This event was organised by the Institut Henri Poincaré in partnership with :

### INSTITUT HENRI POINCARÉ

11 rue Pierre et Marie Curie  
75231 Paris Cedex 05

### TIMETABLE

Monday to Friday: 8:30 am to 6 pm  
Closed on public holidays
