More information:

Introductory school:

- From January 25th to 29th, 2016: CIRM (Marseille, France)

Workshops:

- From 1 to 12 February 2016: "Distributed computation and communication theme"
- From 15 to 26 February 2016: "Fundamental inequalities and lower bounds theme"
- From 29 February to 4 March 2016: "Conference of the program : NICT"
- From 7 to 18 March 2016: "Inference problems theme"
- From 21 March to 1 April 2016: "Secrecy and privacy theme"

Videos

carmin.tv

Videos of the trimester are now available on Carmin.tv

Through the CIMPA-CARMIN program the organizers wish to fund, with the support of the Labex CARMIN, the CIMPA and IHP, the participation of several young mathematicians from developing countries to the activities of the semester.
Young scientists (master students soon looking for a PhD, PhD students, postdocs) meeting those criteria and interested in the topics are much encouraged to apply for a support to participate on the CIMPA web page.
