More Information :
Registration on : Registration are closed
Financial support requests are now closed.
Workshops:
 11 April 2011 - 22 April 2011 : the PhD school "An invitation to von Neumann algebras and ergodic theory of group actions", at the CIRM in Marseille 23 May 2011 - 27 May 2011 : "II1 factors: rigidity, symmetries and classification" 04 July 2011 - 08 July 2011 : "Geometric and measured group theory"
Through the CIMPA-CARMIN program the organizers wish to fund, with the support of the Labex CARMIN, the CIMPA and IHP, the participation of several young mathematicians from developing countries to the activities of the semester. Young scientists (master students soon looking for a PhD, PhD students, postdocs) meeting those criteria and interested in the topics are much encouraged to apply for a support to participate on the CIMPA web page.
