2017-T2 STOCHASTIC DYNAMICS OUT OF EQUILIBRIUM

Pre-school at CIRM

CIRM

INSCRIPTION

The aim of the pre-school is to introduce the main themes of the trimester to its younger participants, namely PhD students and post-doctoral fellows. The following introductory courses on the general themes of the trimester are planned:

- An introduction to stochastic dynamics and interacting particle systems
- An introduction to statistical mechanics
- Numerical integration of stochastic dynamics of Langevin type
- An introduction to kinetic and stochastic models in life sciences.

Each course will be 6 hours long. The school will take place atCIRM, an international mathematics center located near Marseille, in the south Mediterranean coast of France.

See this page for more information and registration.
